

FCC Public Comment

Dear Chair Powell:

While listening to NPR the other day, I was made aware that Sinclair Broadcasting (I understand it to be the largest owner of over-the-air TV broadcasting stations in the country) is forcing stations to air an anti-Kerry documentary as a news show. This is an outrage to any election process and to all Americans.

Mr. Powell, many in this country are making a good case for the breakup of large commercial broadcasting companies and downsizing the amount of media ownership they can have in any one area. Sinclair Broadcasting, by its actions with this so-called documentary makes the case better than any of us could. Please order this broadcast be stopped; and if it is to play, make it run as a political ad under proper campaign and election rules.

Thank you for taking action on behalf of the American people,

Skip Edwards
